

Hear the crackle of leaves underfoot and the sharpness of the violin as the thriller hits its peak. Be immersed in cinema quality sound at home with the wedge-shaped design of the Dynamix Mk4, with the same 15 degree angled baffle used in Krix's commercial cinema surround speakers, providing the ultimate sound experience.

The bass and mid-range are delivered through a high grade 130mm driver with a doped curvilinear paper cone, oversized voice coil and powerful magnet, while the tweeter is a 26mm ring radiator with extended frequency response. The bass reflex design delivers efficient yet balanced bass uncharacteristic of its size, while the front port eliminates any "boomy" bass, often cause by wall mounting a rear-ported design.

Ideal for rear or side surround speakers in your home cinema, the Dynamix Mk4 can be mounted higher up in the room and on the wall, achieving excellent pattern control and audio coverage while also looking great.

For the ultimate sound experience at home, play it through Krix.

## FEATURES

- Bring movies to life
- 15 degree angled front baffle
- Easy wall mounting

Dynamix Mk4	
Frequency Range	45Hz - 40kHz (in room response)
Power Handling	20 - 120 Watts RMS recommended amplifier power
Sensitivity	88 dB (2.83V / 1m)
Impedance	Nominal 6 Ohms (Minimum 3.6 Ohms)
Configuration	2-way
Low Frequency Driver	Cast aluminium basket with a nominal 130mm (5") doped curvilinear paper cone. 30mm (1.2") vented magnet voice coil wound on high temperature kapton former, with copper shorting ring
High Frequency Driver	26mm (1") dual concentric diaphragm with wave-guide centre plug for controlled directivity. Non-reflective dual chambered magnet structure with copper shorting ring to lower distortion
Enclosure Type	Dual chambers - sealed midrange chamber with bass reflex main chamber. Front vented with internal and external flaring
Input Terminals	Gold plated binding posts
Mounting	Key-hole style bracket, located on the rear of the cabinet
Dimensions	355mm high x 245mm wide x 200mm deep at the top (110mm deep at the bottom)
Net Weight	6kg each
